

You Are Invited: Healthcare town-hall meeting

The Minnesota Chapter of the ACHE would like to invite you the first in a two-part series of healthcare town-hall meetings.

MN-ACHE and healthcare executives/administrators have the unique opportunity to partner with public/community members in a roundtable lecture series that will address the healthcare challenges that administrators and community members face in the delivery of care to rural areas of Minnesota. This educational and networking experience will provide possible solutions and insight to not only our ACHE affiliates and healthcare executives, but also help to explain our changing healthcare environment to patients/community members in rural areas of our state. Each town hall meeting will be structured to address 2-3 topics from the following focus areas: Healthcare reform, Healthcare trends, integration, and bundling/health insurance.

The second event will take place on September 23, 2010, at Maddens Golf Course in conjunction with Minnesota Hospital Association Annual Meeting. We are excited to announce that this event will also be broadcasted live by Minnesota Public Television/TPT.

We hope to see you at both events!
